

# Stewardship Begins with You and Me

Before moving along, please clear your area of microtrash such as orange peels, egg shells, and examples of litter shown below

Food Wrapper Corners

Fruit Stickers

Foil

Dental Picks

Pistachio Shells, Orange Peels, Egg Shells, Bottle Caps, Cigarette Butt

Overlooked Microtrash attracts animals leading to unhealthy and at times deadly food attraction behaviors. It also detracts from ones enjoyment of the natural beauty of the wilderness.

**THANK YOU FOR DOING YOUR PART**
