

Number of first-time finishers recorded each year since 1925 and of Winter Forty-Sixers since 1962

Data for first-time finishers are permanent since finishers are recorded the year they submit their Questionnaire and List of Mountains and are assigned their climber number.

Data for Winter finishers reflect the year of completion regardless of when they submit their List of Mountains; therefore, these numbers are subject to change.

Year	Forty-Sixers	Winter Finishers	Cumulative	Cumulative
1925	3	-	3	-
1933	1	-	4	-
